

Colours – charming variety

Please, have a look at our colour range. SinusCandle is available in **17 different colours** including 14 basic and 3 metallic colours. In case of basic colours candles are coloured during the last one or two dipping steps. Metallic taper candles are manufactured with other technique, they are coloured with special candle ink at room temperature which results in a beautiful metallic finish.

Variety of colours: **white, cream, lemon-yellow, peach-coloured, rose-red, antique pink, wine-red, red, rusty brown, pink, lime green, pine green, olive green, blue, gold, silver, bronze.** (Click on the lettering to see the pictures of candles)
